

Dear PIRATE PARTY CZECH REPUBLIC,

The following are the 2019 invoice fees for Pirate Parties International (PPI), which are due in 2020. We ask you to pay the affiliation fees, if it is within your party's financial means. These fees were calculated according to the new system. The amount owed is outlined in the PPI Wiki. Please review the following 4-Tier Membership Fee System and select the bracket which does your party fall under. The Four Tiers are as follows: 1) Mature, 2) Established, 3) Emerging, 4) Nascent.

- 1) **Mature** members are established members that also receive regular state funding, have elected officials at supranational, national or regional level, and/or have elected officials at the local level who receive compensation (fulfill at least two).
- 2) **Established** members are emerging members that also have paying party members and run for elections on a regular basis (fulfill all).
- 3) **Emerging** members are Nascent members that also collect donations (fulfill all).
- 4) **Nascent** members have regular statutory activities, such as general assemblies and run activism projects (fulfill all).

Since fees should no longer change between years, we also kindly ask **parties with resources available to consider paying 2020 fees as well** within 2020. This is not obligatory, but it would be greatly appreciated to improve PPI's cash flow. Rules are still the same: every year the fees are collected for the previous year. **Additional payments may be provided** to supplement fees of poorer parties that request exemptions. **Parties without sufficient funds can request a discount according to the 2% rule:** Affiliation fee payments should not be above 2% of your total budget. If your party has any difficulties with payment, please contact us. We do not want any party not to participate in PPI due to lack of funds.

The amounts payable as set by the 2018 General Assembly are as follows: **Mature** would pay 1000 euros. **Established** would pay 185 euros. **Emerging** would pay 50 euros. **Nascent** would pay 0 euros. Parties may contribute amounts different than those shown above. If you require a different version of this invoice (including any other information that is legally required in your country), please email us with the amount that you wish to pay, and any text necessary, and we will provide you with a customized invoice.
